**27. - 29. soruları aşağıdaki parçağa göre cevaplayınız.**

Netflix, the popular streaming service, has revolutionized the way we consume entertainment. With its vast library of movies, TV shows, and original content, Netflix has become a household name worldwide. The platform allows users to stream content on-demand, providing a convenient and personalized viewing experience. The success of Netflix can be attributed to its user-friendly interface, diverse range of genres, and the ability to binge-watch entire seasons of TV shows. Additionally, Netflix's algorithm suggests content based on a user's viewing history and preferences, enhancing the overall experience. The company's original productions, known as Netflix Originals, have gained critical acclaim and have become a major draw for subscribers. Furthermore, Netflix has expanded its reach globally, catering to audiences in different countries and offering content in multiple languages. The convenience and affordability of Netflix have significantly disrupted traditional television networks and cable subscriptions. It has fundamentally changed the way we consume media, providing a flexible and personalized entertainment experience.

**27. It is pointed out in the passage that Netflix's algorithm enhances the user experience by ----.**

- A) recommending multimedia that corresponds to their individual tastes
- B) limiting the available content options as opposed to the overall contentment of users
- C) providing a random selection of shows and movies
- D) charging additional fees for personalized recommendations
- E) excluding Netflix Originals from the suggestions

**28. One can conclude from the passage that Netflix has had a significant impact on ----.**

- A) the rise of cable subscriptions
- B) the decline of traditional television networks
- C) the elimination of streaming services
- D) the restriction of streaming to a single language
- E) the decrease in viewership of movies as they cost a lot

**29. It is implied in the passage that Netflix has expanded its reach globally by ----.**

- A) providing content in multiple languages
- B) limiting its availability to specific regions of a country
- C) focusing solely on original productions
- D) excluding TV shows from its library
- E) increasing its subscription fees to a great extent

**42. - 45. sorularda, cümleler sırasıyla okunduğunda parçanın anlam bütünlüğünü bozan cümleyi bulunuz.**

42. (I) Most living things are eaten or rot away when they die, leaving no trace. (II) But sometimes, if animals are quickly buried by sediments, their remains may turn into rock and be preserved as fossils. (III) Absolute dating estimates the age of an object by measuring its chemical make-up. (IV) After millions of years of Earth movements and the wearing away of rocks, some fossils are exposed at the surface of the Earth. (V) They become the main way that we can learn about dinosaurs and other prehistoric life-forms.

- A) I      B) II      C) III      D) IV      E) V

44. (I) Most Vikings were farmers growing crops such as barley, oats and rye and kept cattle, goats, sheep, pigs, chickens, and horses. (II) Thus, they used salt to preserve fish and meat to eat during the long winters, when fresh food was scarce. (III) In most parts of Scandinavia, people lived in lumber houses. (IV) However, in places where wood was scarce, they built with grass or stone instead. (V) Some Vikings worked as fishermen, catching freshwater and sea fish as well as hunting for whales.

- A) I      B) II      C) III      D) IV      E) V

43. (I) Ocean life isn't safe from pollution because ships carrying petroleum sometimes have accidents and dump their oil into the ocean. (II) Dirty air, land, and water are dangerous. (III) Dirty air, or smog, is hard to breathe and makes people and animals sick. (IV) Dirty water makes people and animals sick when they drink it or wash or live in it; it also kills plants. (V) If land takes in too much waste, nothing will grow on it, and it becomes unfit to live on.

- A) I      B) II      C) III      D) IV      E) V

45. (I) The United States, Cuba's near neighbour, strongly opposed Fidel Castro's government. (II) They even tried to overthrow him in 1961 but the Soviet Union, another communist country, supported Castro. (III) The United States complained when Castro let the Soviets set up nuclear weapons in Cuba. (IV) The people lost many of the same rights that Batista had taken away, and poverty was still a problem. (V) The protest almost led to a war, but the weapons were soon removed.

- A) I      B) II      C) III      D) IV      E) V

34. - 35. sorularda, verilen durumda söylemiş olabilecek sözü bulunuz.

34. You are a student who has just graduated from college. You've worked hard to earn your degree, and now it's time to enter the job market. You have high hopes and dreams. You start applying for jobs, submitting resumes, and attending interviews. However, the responses you receive offer entry-level positions with modest salaries. You draw a conclusion and say: ----

- A) Apparently, getting a high-paying job right away is not going to be as easy as I initially thought.
- B) I've always imagined myself getting a well-paying job that matches my qualifications and it's finally coming true.
- C) I've always been aware that gaining work experience is crucial, and that it's normal for entry-level positions to have lower salaries.
- D) I told him, "Don't expect to get a high-paying job right out of school. Focus on building your skills and experience first."
- E) I've gained valuable skills, expanded my professional network, and become more confident in my abilities.

35. A close friend of yours is going through a tough time. It seems like everything is going wrong for him, and he's feeling sad and overwhelmed. One day, he and you are sitting in a cafe, and you can tell something is bothering him. You ask, "What's going on? You seem upset." He hesitates but eventually opens up. He says: ----

- A) I listened attentively as he shared his concerns. I could see the worry in his eyes, and it's clear that he needed support.
- B) I want you to trust me. No matter what happens, I'll be there for you. We'll get through this together.
- C) I want to show through my actions that I'm there to support you during challenging times.
- D) I'm facing various challenges. I've got problems at work, personal struggles, and a sense of uncertainty about the future.
- E) Your encouragement has boosted my confidence. I'm going to handle this challenge with determination.

36. - 37. sorularda, boş bırakılan yere, parçada anlam bütünlüğünü sağlamak için getirilebilecek cümleyi bulunuz.

36. Busy cattle towns of the 19<sup>th</sup> century US often attracted criminals known as outlaws. Cattle thieves tried to steal cattle as cowboys drove them toward the town. Other outlaws were robbers, highwaymen and even murderers. Trains were frequent targets of outlaws. ---- People wrote stories about their adventures, and myths grew up about how they lived and died.

- A) At first, no one took charge of law and order in the new towns that grew up across the West.
- B) Some outlaws, such as Billy the Kid and Jesse James, became very well known.
- C) However, they have also attacked innocent people and their own personal enemies.
- D) Before beaver fur went out of fashion, there were 3,000 men in the Rocky Mountains alone.
- E) Instead, local people grouped together to catch outlaws and hang them for their crimes.

37. Asia is the world's largest continent. It covers about one-third of the Earth's land. In fact, Asia is so big that it's often easier to talk about the regions rather than the countries of Asia. The region names commonly used are North Asia, Central Asia, East Asia, Southeast Asia, South Asia, and the Middle East. Most of the continent is made up of mountains and tablelands. ---- The Earth's lowest point, the Dead Sea, is in Asia too.

- A) Japan, China, and India are some of the most familiar of Asia's nearly fifty countries.
- B) It is covered by vast treeless plains, called tundra, common in cold regions.
- C) Southern Asia has a warm climate and a lot of rain but Central Asia has a cold climate.
- D) The highest point on the Earth, Mount Everest, is located in South Asia.
- E) There are rainforests all across southern Asia and nearly all Asian countries grow rice.
