178. - 182. sorularda, aşağıdaki parçada numaralanmış yerlere uygun düşen sözcük ya da ifadeyi bulunuz.

The immune system protects the body from (178) ---- harmful substances by recognizing and responding to so-called antigens. Antigens are large molecules (usually proteins) on the surface of cells, viruses, fungi, or bacteria. Some non-living substances (179) ---- toxins, chemicals, drugs, and foreign particles can be antigens. Substances that contain these antigens (180) ---- and destroyed by the immune system. (181) ---- your own body cells have proteins that are antigens. Your immune system learns to see these antigens as "normal" and does not usually (182) ---- against them.

178.

- A) theoretically B) irregularly
C) conventionally D) potentially
E) improperly

179.

- A) as if B) such as
C) as to D) but for
E) much as

180.

- A) has recognized B) recognized
C) will recognize D) were recognized
E) are recognized

181.

- A) If B) Even
C) When D) No matter
E) So that

182.

- A) torture B) apply
C) forecast D) react
E) compete

183. - 187. sorularda, aşağıdaki parçada numaralanmış yerlere uygun düşen sözcük ya da ifadeyi bulunuz.

The frequent replacement of soft lenses is a recent concept that (183) ---- the use of "disposable contact lenses". The idea is that the lenses are replaced with a new pair of lenses (184) ---- a daily, weekly, monthly etc. basis. The theoretical advantage of daily disposable soft lenses is that a sterile lens (185) ---- each day and the need for contact lens cleaning etc. is reduced. Complications (186) ---- corneal ulcers associated with these lens systems can still occur, but are probably mainly due to the misuse of the lenses (187) ---- the devices themselves.

183.

- A) was popularised
B) are popularised
C) would be popularised
D) has popularised
E) had popularised

184.

- A) in B) of
C) at D) by
E) on

185.

- A) opens B) is opened
C) has opened D) will open
E) was opened

186.

- A) such as B) as if
C) as D) likewise
E) as to

187.

- A) like B) as well
C) rather than D) in case of
E) the same

220. As a parent, it is important that you set a positive example ----.

- A) meanwhile exercising as a family is beneficial for you and for them

- C) as your children's attitudes and actions will model your behaviour
- D) as a result of this it also effects the emotions of your children
- E) though they are more prone to low self-esteem, negative body image, and depression

221. In psychoanalysis therapy Freud would have a patient lie on a couch to relax, and he would sit behind them taking notes ----.

- A) as if the underlying conflict is not resolved, more neurotic symptoms will simply be substituted
- B) while they told him about their dreams and childhood memories
- C) and that there were no accidents, every behaviour, including slips of the tongue, was significant
- D) and the patient immediately responds with the first word that comes to mind
- E) while these intense emotional experiences provided Freud a valuable insight into the patient's problems

222. Many people think of volcanoes as simple mountains that spew magma, ----.

- A) but the cinder cone is what most people think of when they imagine a volcano
- B) as composite volcanoes are steep, symmetrical mountains built of several layers of lava vents
- C) however, there are three distinct types of volcano that are all different
- D) as the shield volcano is most commonly found in Hawaii
- E) although volcanoes are almost entirely composed of massive lava flows

223. - 248. sorularda, boş bırakılan yere parçanın anlam bütünlüğünü sağlamak için getirilebilecek cümleyi bulunuz.

223. Sociologists study society and social action by examining the groups and social institutions people form. ---- The results of sociological research aid educators, lawmakers, administrators, and others interested in resolving social problems.

- A) Productivity is able to go hand-in-hand with a more just distribution of wealth.
- B) They also study the social interactions of people and groups.
- C) Private consumer demand is not enough for economic growth.
- D) They also often used qualitative methods such as focused interviews.
- E) The first European department of sociology was founded in 1895 at the University of Bordeaux.

224. Buckingham Palace is the official London residence of the British monarch. The Palace is a setting for state occasions and royal entertaining, a base for many officially visiting Heads of State and a major tourist attraction. ---- It had several royal owners from Edward the Confessor onwards. Precursors of Buckingham Palace were Blake House, Goring House and Arlington House.

- A) In the Middle Ages, its site formed part of the Manor of Ebury.
- B) The gardens used to be the largest private gardens in London.
- C) During World War I, the palace escaped unharmed.
- D) They were allowed to visit the palace each year as guests to the royal garden parties.
- E) Many such reception rooms are furnished in Chinese style.

267. (I) Humans have struggled against weeds since the beginning of agriculture. (II) The global need for weed control has been answered mainly by the chemical industry. (III) Its herbicides are effective and often necessary, but some pose serious problems, particularly if misused. (IV) Toxic compounds in the herbicides threaten animal and human health when they pile in food plants, groundwater, and drinking water. (V) In recent years the chemical industry has introduced a new insecticide as well as several herbicides that are more ecologically sound to stop the criticisms made by the environmentalists.

- A) I B) II C) III D) IV E) V

268. (I) Machiavelli's character as a man and a writer has been widely discussed. (II) His merits and demerits have been exaggerated, but in such a way that his demerits have been remembered more. (III) Machiavellism has become synonymous with treachery, intrigue, and tyranny. (IV) He did not deal with abstract principles and arguments, but collected examples from classical antiquity and from recent events. (V) He has won this dubious fame by his book the *Principe*, and the theories therein exploited were further elaborated in his *Discorsi sopra Livio*.

- A) I B) II C) III D) IV E) V

269. (I) Some historians claim that polo originated in Persia in the 6th century and spread to Turkey, India, and Tibet. (II) Polo is also now popular in Australia, and New Zealand, but the number of polo players remains small. (III) According to this view, it was revived in India during the 19th century. (IV) It became popular with British army officers stationed there, and spread to other countries. (V) Others argue that the British officers themselves created the game after seeing a horsemanship exhibition in India.

- A) I B) II C) III D) IV E) V

270. (I) Mark Twain's literary reputation rests most particularly on *The Adventures of Huckleberry Finn*. (II) In its hero, a resourceful, unconventional boy with an innate sense of human values, Twain created one of the most memorable characters in fiction. (III) The narrative device of a raft carrying Huck and a runaway slave down the Mississippi enabled Twain to achieve a realistic portrait of American life in the 19th century. (IV) In 1990, a handwritten manuscript of the first half of the novel was discovered. (V) Through his use of authentic vernacular speech, he revolutionized the language of American fiction and exerted a great influence on many subsequent American writers.

- A) I B) II C) III D) IV E) V

271. (I) Computers can do certain things easily such as simple math or sorting a list of names from A to Z. (II) Can a computer help answer this rather complex question? (III) Computers cannot do some things, though. (IV) Computers cannot answer questions that do not have enough details or questions that have no answer. (V) On the other hand, computers can answer some questions, but may need too much time.

- A) I B) II C) III D) IV E) V

272. (I) United Nations Children's Fund (UNICEF) is an affiliated agency of the United Nations. (II) It was established in 1946 as the United Nations International Children's Emergency Fund. (III) UNICEF is concerned with assisting children and adolescents throughout the world, particularly in devastated areas and developing countries. (IV) Unlike most United Nations agencies, UNICEF is financed through voluntary contributions from governments and individuals, rather than by regular assessments. (V) However, UNICEF was awarded the Nobel Peace Prize in 1965.

- A) I B) II C) III D) IV E) V

285. - 287. soruları, aşağıda verilen parçaya göre yanıtlayınız.

The day before a long flight, you are frantically doing last minute chores like packing and reading guidebooks. Then, on the plane, you have several drinks with dinner and after a brief nap, it's time for breakfast and a morning arrival in, let's say, Rome. Adrenaline flowing, you spend the entire day sightseeing and taking pictures. By evening, exhaustion has set in and the next morning, you can hardly wake up. Jet lag has taken hold. Most people who travel by air across multiple time zones fall victim to this affliction of modern travel. They may suffer from any of a number of unpleasant symptoms, including insomnia and fatigue. According to the psychologists, the symptoms of jet lag vary from person to person and also vary according to how far a traveller has flown.

285. It is stated in the passage that ----.

- A) according to the statistics, one cannot feel secure before a flight
- B) individuals are not all affected to the same degree by jet lag
- C) very few people travelling by air feel the unpleasant symptoms of jet lag
- D) after a couple of drinks during the flight, the traveller feels relaxed
- E) if there is an increase in adrenaline flowing, the symptoms of jet lag are more severe than usual ones

286. According to the passage, which of the following is true?

- A) The victims of jet lag can feel the unpleasant symptoms from the beginning of the flight till the end.
- B) Travellers have to spend most of their time seeing around after jet lag.
- C) The effects of jet lag can be diminished by taking less alcohol during the flight.
- D) Sleepiness is the only symptom a traveller may suffer after jet lag.
- E) When jet lag is concerned, the distance flown has an effect on the traveller.

287. It is clear from the passage that ----.

- A) the alcohol the travellers take can cause unpleasant side effects
- B) recovery from jet lag varies from person to person
- C) jet lag is not necessarily the cause of travelling by air across time zones
- D) jet lag is the name of a series of unpleasant side effects the long-distance traveller experiences after the flight
- E) the reason why people suffer from jet lag lies in doing the last minutes' chore
